Despatch No. 59, Revenue, dated, India Office, London, 23rd March 1899, from the Secretary of State for India, to His Excellency the Right Honourable the Governor General of India in Council.

I forward, for the information of Your Excellency, and with a view to its provisions being made widely known in India, 300 copies of a memorandum of the Board of Agriculture relating to the importation of dogs into this country.

2. A copy of the covering letter is also enclosed.

No. 7204-A., dated 4, Whitehall Place, London, S. W., the 4th March 1899, from T. H. Elliott, Esq., Secretary, Board of Agriculture, to the Under-Secretary of State, India Office.

I am directed by the Board of Agriculture to transmit to you 500 copies of a memorandum containing information as to the conditions prescribed by the Board in connection with the importation of dogs into Great Britain, with a view to the prevention of the re-introduction of rabies, now practically extinct in this country.

The Board think it important that the information contained in the memorandum should be made widely known, and I am therefore to ask you to move the Secretary of State to issue instructions for the transmission of copies of the memorandum to His Excellency the Governor General of India and to Their Excellencies the Governors of Madras and Bombay for the information of persons concerned. As it frequently happens that officers returning from the Army return to England accompanied by their dogs, the Board think that it would be an advantage if the information contained in the memorandum could be circulated at military stations in India.

BOARD OF AGRICULTURE.

IMPORTATION OF DOGS INTO GREAT BRITAIN.

Memorandum as to the conditions which have been prescribed in order to prevent the introduction of Rabies.

1. The disease of rabies in dogs and of hydrophobia in man, which remains prevalent in ost all other parts of the world, has become practically extinct in this country, but as it may ain latent in a dog for a very long period, it has become necessary, in the interests of owners logs in this country, to adopt precautions against the re-introduction of the disease by means of dogs which may, unknown to their owners, have become infected whilst in a foreign country.

2. The Importation of Dogs Orders, therefore, prohibit the introduction of dogs into Great Britain from any foreign country or British Possession, other than the Channel Islands, without the sanction of the Board of Agriculture; and the landing of a dog from abroad (whether originally exported from Great Britain or not) will, unless a license has previously been obtained, render the owner liable to a penalty of £20 and the possible seizure of the dog.

3. Every person wishing to introduce a dog into Great Britain must, before the dog is embarked, obtain a license permitting the landing of the dog on arrival; and the attention of owners, charterers, and masters of vessels carrying dogs is drawn to the fact that, by permitting the landing of such dogs from their vessels without the requisite licenses, they render themselves liable to legal proceedings.

4. Every application for a license for landing a dog should be made in writing, on a form which will be supplied to *bonâ fide* applicants. It must be signed by the owner of the dog, or by his agent specially authorized in writing for the purpose, and should be sent to *The Secretary, Board of Agriculture, 4, Whitehall Place, London, S. W.*, in sufficient time to enable the Board to make full inquiries into the circumstances of the application, and the suitability of the proposed premises for the isolation of the dog, and to communicate to the owner their decision before the embarkation of the dog is to take place.

5. In order that the Board may have it on record that the conditions on which alone a license can be issued are fully known by the owner of the dog (or the person if other than the owner, in whose charge it is to be detained), the signature of the owner or of the proposed custodian of the dog is to be subscribed to the undertaking printed on the back of the form of application. The signature of an agent cannot, in any case, be accepted as sufficient, unless he is prepared personally to undertake the charge of the dog during the whole period of detention.

In very exceptional cases, the Board are prepared to entertain applications made by , on the following conditions :—

The telegram must set forth the description of the dog, stating as far as possible for purposes of identification the particulars of its breed, sex, age and colour, and the place where it is proposed that the animal should be detained.

e place of detention must be the residence of a householder, or other responsible resident of long standing, in Great Britain, who is prepared to detain the dog on the premises for not less than ninety days in accordance with the conditions of the license; and the full name and address of the person must be given so as to enable the Board, before the license is issued, to place themselves in communication with him to ascertain whether he is in a position to fulfil the requisite conditions.

address must also be named in the telegram to which the Board can send the license if issued, or otherwise communicate their decision to the applicant. This should be some place in the country of embarkation, as shipowners cannot properly permit the embarkation of any dog on board their vessels for importation into this country unless the dog is accompanied by the requisite license.

e telegram should contain the undertaking of the owner to carry out the conditions imposed.

onditions imposed in the license require the detention of the dog for a period of some suitable private premises to be specified by the owner, and approved by the ill be under the supervision of the officers of the Board and of the Local spection it should be produced, if required. But if the general conditions rried out, the Board are prepared, on the production of a certificate of ry surgeon that the dog is not affected with, or suspected of, rabies, to the release of the dog after a period of detention of ninety days. Dogs y purchased from foreign dealers or of which the antecedents are unto special restrictions and a longer period of detention.

e place of residence is regarded in most instances as a suitable place

other similar premises where the dog cannot be conveniently isolat s of detention.

10. On arrival at a port in Great Britain and before the dog can be landed, the holder the license is required to produce it for the inspection of the officer of Her Majesty's Customs, who is empowered and directed to mark it with the name of the port, the date of landing, and his initials, as a verification of the legality of the landing.

11. The dog must be taken as soon as it is landed, by the nearest available route, and without unnecessary delay, to the premises specified in the license.

12. In the case, however, of dogs landed late in the day, and where the place of detention is several hours' journey from the port, the Board do not object to the journey of the dog from one place to the other being broken by its detention at some suitable place for one night only, provided that it is kept absolutely apart from all other dogs, and that the journey is resumed the next day and completed with all reasonable despatch.

13. In every case the license should accompany the dog on its journey, and be retained by the person in charge until it is required to be returned to the Board.

14. It should be clearly understood that the dog cannot in any case be moved from the place of detention, either to other premises or to a vessel for exportation out of the United Kingdom, without a further license from the Board; but should exceptional circumstances arise which render such removal necessary or expedient, the Board are prepared to consider an application for a license, provided that they are satisfied by the production of a certificate of a duly qualified veterinary surgeon that the dog is not affected with, or suspected of, rabies. When the proposed removal is to some other place in the United Kingdom, a suitable place must be specified where the dog can be kept for the remainder of the period of detention.

15. During the period of detention the dog, when temporarily moved for exercise or other like purpose from the place of detention, must be in charge of a competent person, and be properly muzzled with a wire cage muzzle, and this latter condition is also applicable when the dog is likely at any time to be brought into contact with other dogs.

16. Should the dog die, or be lost, the fact should be at once reported to the Board, together with full information as to the symptoms preceding death, or the circumstances under which the loss took place; and, in the event of the dog sickening with any of the symptoms of rabies, it should be at once isolated, and the advice of a veterinary surgeon obtained.

17. Licenses to which special conditions are attached, are issued by the Board to land *bonâ fide* performing dogs, if it can be shown that the dogs have been trained to take part in performances for the entertainment of the public, and that they are to be imported for that purpose only. In such cases satisfactory evidence must be offered that the animals are habitually kept absolutely apart from all other dogs, whether in this country, or abroad, and a place must be specified where the dogs can be examined, if thought necessary, after being landed.

18. For the convenience of persons passing through Great Britain, the Board are prepared, in special cases, to authorize the landing of dogs which are proposed to be exported within a few days. In making an application for such a license, the ports, the names of vessels, and the dates of arrival and departure, must be specified, and the address of a suitable place where the dog can be detained during the period that it remains in Great Britain, which must not exceed ten days. The license in this case should be endorsed by the master of the vessel of departure, and returned to the Board by the owner, and the dog must not be landed in Great Britain without a further license.

SALE OF ARRACK VEND FARMS FOR 1899-1900.

Notification No. 6570—*Ex.* 253, *dated Bangalore,* 18*th March* 1899.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule* for the twelve months, beginning with 1st July 1899 and ending with 30th June 1900, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government, for special reasons,* be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid, the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissione will issue a license in the prescribed form, assigning to the purchaser the exclu sive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordi narily of 20° under-proof, and with the special permission of th Deputy Commissioner or other officer authorized by him, to the sal of arrack of 30° under-proof. But it shall not extend to the sal of double-distilled country spirits and other special liquors of what ever strength manufactured at the Government Central Distiller Bangalore, and which the Foreign liquor shop-keepers alone permitted to sell.

*For Schedule, see Extraordinary Gazette, dated 4th April 1899.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1899; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the "East India Distilleries and Sugar Factories, Limited," who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for Arrack supplied by them, shall be $6\frac{1}{8}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{51}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{3}{4}$ before the removal of Arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such Arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper, as the case may be, shall issue the quantity of Arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Supervisor, or other officer, or Bonded Depôt-keeper aforesaid, as to the date and hour when the Arrack was issued. The Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the Arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of Arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all Arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be opened to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of Arrack to Bonded Depôts.

(7) The Arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the Arrack purchased by him and issued to shop-keepers. (12) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1899 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use [illegible]uch measures as may from time to time be prescribed by Government, [illegible]nd provide himself with the prescribed forms of Accounts and [illegible] passes for the transport of arrack, which forms shall be [illegible] from the local Excise officers.

SALE OF ARRACK VEND FARMS FOR 1899-1900.

Notification No. 6570—*Ex.* 253, *dated Bangalore*, 18*th March* 1899.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule* for the twelve months, beginning with 1st July 1899 and ending with 30th June 1900, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government, for special reasons*, be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid, the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

*For Schedule, see Extraordinary Gazette, dated 4th April 1899.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1899; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the "East India Distilleries and Sugar Factories, Limited," who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for Arrack supplied by them, shall be 6½ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{5}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. 4½ before the removal of Arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such Arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper, as the case may be, shall issue the quantity of Arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Supervisor, or other officer, or Bonded Depôt-keeper aforesaid, as to the date and hour when the Arrack was issued. The Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the Arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of Arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all Arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be opened to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of Arrack to Bonded Depôts.

(7) The Arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the Arrack purchased by him and issued to shop-keepers. The passes issued with the Arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The Arrack shall not be sold except in shops duly licensed by the Deputy Commissioner, in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling Arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1899 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of Accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and re-sell the exclusive privilege or to otherwise dispose

of it, at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1899, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

SALE OF SEPARATE ARRACK SHOPS FOR 1899-1900.

No. 6571—Ex. 251, dated 18th March 1899.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule,* for the twelve months beginning with 1st July 1899, and ending with 30th June 1900, will be put up to public auction on the dates and at the place named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, unless revised by Government for special reasons, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{6}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. Should he fail to make either of the deposits aforesaid, the deposits already made will be forfeited, the shop will at once be re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days above mentioned, take out licenses and execute agreements in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to take out licenses or to execute agreements as aforesaid, the shop or shops will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, &c., for several years past are specified in the appended schedule.

*For Schedule, see Extraordinar Gazette, dated 4th April 1899.

But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1898; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the lease is forfeited and proceed to re-sell the shops as soon after the last day of the month as may be possible. The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that when the shops are re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(3) The licensee shall purchase the Arrack to be sold in his shop from the "East India Distilleries and Sugar Factories Limited" who have been appointed manufacturers of Arrack and other country spirits to the State, at the rate of $6\frac{1}{3}$ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. (5) The above rate to be charged by the manufacturers, and the above fee, are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. $4\frac{3}{4}$ per gallon of 20° under-proof, before the removal of the Arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the Arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of Arrack from the Bonded Depôt.

When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

SALE OF ARRACK VEND FARMS FOR 1899-1900.

Notification No. 6570—Ex. 253, dated Bangalore, 18th March 1899.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule* for the twelve months, beginning with 1st July 1899 and ending with 30th June 1900, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government, for special reasons*, be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{5}$

*For Schedule, see Extraordinary Gazette, dated 4th April 1899.

of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid, the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1899; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm.

The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the "East India Distilleries and Sugar Factories, Limited," who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for Arrack supplied by them, shall be $6\frac{1}{3}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{51}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{3}{4}$ before the removal of Arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such Arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper, as the case may be, shall issue the quantity of Arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Supervisor, or other officer, or Bonded Depôt-keeper aforesaid, as to the date and hour when the Arrack was issued. The Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the Arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of Arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all Arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be opened to inspection by the Deputy Commissioner, or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of Arrack to Bonded Depôts.

(7) The Arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the Arrack purchased by him and issued to shop-keepers. The passes issued with the Arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The Arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling Arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1899 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of Accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1899, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1899, each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents the aggregate of which is not less than the rent, the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depots, if any.

(8) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depot shall keep true accounts of the quantity of toddy received in the depot and issued to the shops. The passes issued with the toddy transported shall be subject to examination and check by the officers authorized in this behalf.

(9) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferable, except with the permission of the Excise Commissioner.

6. The Tree-tapping Rules provide as follows :—

(1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in clause 9 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bonâ fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

(5) On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice the tree-tax paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the 15 days immediately preceding the period to which they relate, to take effect from the commencement of such period, provided that no toddy shall be drawn except during the currency of such license.

(9) No tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

TREE.	Tree-tax for each tree per annum including local cess. Rs. a. p.
Date	1 1 0
Cocoanut	2 2 0
Palmyra	1 9 6
Bagani or Sago palm	1 9 6
Dadasal (Arenga wightii)	0 8 6

NOTE—The licenses will be free of tax to the Mysore Government in the cases specified in clause 1 (*b*) and (*c*) above.

(10) The Government waive for the year 1899-1900, the levy of a rent, in addition to tree-tax, on Government trees tapped for supply of shops included in this Notification.

NOTE (1) Tree-rent at 4 annas per tree with local cess thereon shall be levied for Government trees tapped for the supply of shops in the Civil and Military Station of Bangalore and those outside the Territories of Mysore.

NOTE (2) No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

(11) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July 1898 and 30th April 1899.	One-third	The remaining two-thirds.
Between 1st May 1899 and 30th June 1899.	The whole	

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(2) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

105

(3) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the Officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(4) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(5) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any Officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over-tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given.

(*e*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) Not less than eight leaves should be left on each tree.

(*h*) The licensee shall not cut or injure or permit to be cut or injured, the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

7. In case of any breach of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the lease shall become due at once; and all loss caused to Government by the cancelment or re-sale or otherwise of the license shall be made good by the licensee or his surety in the manner specified for re-sales in para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

No. Pg. 1624, dated 25th April 1899.

Under Article 172 of the Mysore Service Regulations, Mr. A. Ananda Rao, Extra Assistant Commissioner and Ward Officer No. II Ward, Mysore City, is granted ten days' casual leave of absence, with effect from such date as he may avail himself of the same.

No. 11788—J. 1458, dated 18th April 1899.

In exercise of the powers conferred by Section 54 of the Prisoners' Act, 1870, and Section 401 of the Code of Criminal Procedure, the Government of Mysore are pleased to prescribe, with effect from the 1st of July 1899, the following revised rules regarding the earning of remission and gratuities, applicable to all classes of prisoners in Mysore. But nothing herein contained shall affect the provisions of the rules promulgated with Notification No. 1937—J. 73-92, dated the 30th July 1892, which shall apply to prisoners who, on completion of ten years' confinement in jail, may be specially admitted to the benefit of these rules.

I. MARK RULES.

1. For the purposes of these rules, convicted prisoners shall be divided into three classes, *viz* :—

I.—Thugs, robbers by administration of poisonous drugs and professional hereditary or specially dangerous criminals convicted of heinous organized crime, such as dacoity;

II.—Dacoits and other persons convicted of heinous organized crime who are not professional, hereditary or specially dangerous criminals;

III.—All other prisoners.

2. Every convicted prisoner whose sentence or aggregate of sentences, exclusive of any period awarded in default of payment of fine, amounts to one year or upwards, shall be eligible for marks under these rules, provided that if such prisoner is under sentence of simple imprisonment, he shall not receive marks unless he voluntarily labours throughout the term of such imprisonment.

3. For the purposes of these rules a life-sentence shall mean—

25 years' imprisonment in the case of prisoners included in classes I and II;

20 years' imprisonment in the case of all other prisoners.

4. The remission earned under these rules shall have the following effects, *viz* :—

(*a*) In the case of prisoners included in classes I and II, whether under sentence for life or term, the period of remission earned shall be deducted from the sentence, and they shall be released from jail on the conditions specified in the Ticket-of-Leave Rules contained in Part II.

(*b*) In the case of all other prisoners, remission earned shall reduce the sentence absolutely.

5. Every prisoner, who is entitled to earn remission under the foregoing rules, shall be brought under the Mark system on the first day of the calendar month next following that in the course of which he became a prisoner; provided that, if a prisoner, admitted under a sentence of less than one year, is subsequently sentenced to a further term which makes up the aggregate to one year, he shall, if otherwise eligible, and unless such subsequent sentence is inflicted on account of riot, escape, or repeated jail offences, commence to earn marks on the first day of the calendar month next following that in which the second sentence was passed.

6. Ordinary marks shall be awarded on the following scale, *viz* :—

(*a*) One mark daily for thoroughly good conduct and scrupulous attention to all jail regulations.

(*b*) One mark daily for industry and the due performance of the daily task imposed upon him.

(*c*) One mark daily for any day on which special diligence in work is shown.

7. In addition to any marks earned under the previous rule, convict warders shall receive four marks, convict overseers two marks and convict night watchmen one mark. But convict warders and overseers shall not be eligible for any additional mark under clause (*c*) of Rule 6. It will thus be possible for a night watchman showing special diligence in work, to obtain four marks a day, which is likewise the maximum number obtainable by a convict overseer.

8. On Sundays and holidays, when ordinary jail industries are stopped, marks for conduct only may be earned, but prisoners employed on jail services may be awarded also marks for labour. Convict officers shall be awarded marks as on other days.

9. A prisoner in hospital shall receive marks for conduct only, provided that he did not, by any improper action of his own, after admission to jail, induce or aggravate the disease, on account of which he was admitted into hospital.

10. A convict sent to a Court under Regulation V of 1894 shall be credited during his absence with marks in the same way as a convict in hospital, provided that his presence before the Court has not been required in consequence of any offence committed by him and for which he is to be tried.

11. Special marks may be given for special service, such as—

(1) Assisting in detecting or preventing breaches of jail discipline or regulations.
(2) Success in teaching handicrafts.
(3) Special excellence of work.
(4) Protecting jail officers from attack.
(5) Assisting jail officers in case of outbreak, fire, etc.
(6) Economy in the wearing of clothing.

12. The Superintendent of a District Jail may award to the same prisoner not more than one hundred special marks for any one service or in any one quarter. The Superintendent of a Central Jail may in like manner award not more than five hundred special marks. When any number of special marks is awarded under this rule, a report thereof shall be made to the Inspector-General, setting forth the grounds of the award. All proposals for the award of more

than the number of marks above indicated must be referred to the Inspector-General, who will submit for the orders of Government any case in which he proposes to award more than one thousand marks.

13. Marks and remission may be forfeited for misconduct, and prisoners may be temporarily or permanently removed from the Mark system in accordance with the law for the time being in force regulating jail offences and punishments; provided that no prisoner shall receive marks for the day on which any offence is committed and that the Superintendent may restore to the benefits of the Mark system any prisoner removed therefrom.

14. The award of ordinary marks shall be made either by the Superintendent himself or, subject to his control and supervision, by the Deputy Superintendent, Jailor, Deputy Jailor or any other officer specially empowered in that behalf by the Inspector-General. The award of special marks shall be made only by the Superintendent or Inspector-General.

15. The officer awarding marks shall, before making the award, consult the prisoner's work-sheet and history-ticket, in which every offence proved against the prisoner must be carefully recorded. In the absence of any entry against the prisoner on any day, it shall be presumed that he has earned "ordinary" marks for that day. Ordinary marks shall be recorded in the presence of the prisoner weekly, fortnightly or monthly, as circumstances admit, and special marks shall be awarded as soon as possible after they have been earned. All marks shall be noted in the Mark Register, which shall be written up from the entries in the prisoner's history-ticket.

16. Every convict, coming under the operation of the Mark system, shall be entitled to a remission of one day of his sentence for every 24 marks earned by him. Marks shall be converted into remission and the actual remission earned shall be recorded, quarterly in the Mark Register. The amount of remission earned quarterly by each convict shall be intimated to him by the Superintendent at the first weekly inspection after the close of each quarter.

17. Remission being thus earned in days, shall be recorded in days in the Mark Register and shall not be converted into months or years.

18. In converting marks into quarterly remission, any balance of mark which remains after dividing by 24 shall be carried forward to the next quarter. In converting marks into remission at the end of a prisoner's sentence, if there is a balance of 12 and upwards remaining after dividing by 24, it shall be considered equivalent to one day's remission; any smaller balance shall be disregarded.

19. In the first week of each month, a list shall be made out of those prisoners, who, on the supposition that they will earn their full ordinary marks during the intervening period, will be entitled to release in the course of the month next ensuing. This list shall be submitted to the Superintendent, signed by him, and filed in the office. If the prisoner fails to earn the number of marks assumed, in the list, or if from bad conduct he forfeits any of the marks already earned, the date of his release will be proportionately deferred; while if, on the other hand, he earns an additional number of marks, the date of his release will be proportionately advanced. As soon as he has earned such number of marks as entitles him to release, he shall, if otherwise eligible, be released by the Superintendent without further sanction or reference. The amount of remission finally earned shall be endorsed on the prisoner's warrant and the endorsement signed by the Superintendent.

20. When a prisoner is transferred from one jail to another, a record shall be sent with him showing the amount of remission and the number of marks which stand to his credit. Prisoners transferred from one jail to another shall be awarded marks for conduct during the period spent in transit, but not for industry, by the receiving jail.

II.—TICKET-OF-LEAVE RULES.

1. The Superintendent will give to every prisoner, on his release under Rule 4 of the Mark Rules in Part I, a ticket in English and Vernacular, on which shall be entered his descriptive roll, and the conditions on which his sentence is remitted.

2. The descriptive roll and ticket are to be in the form annexed. The ticket is to be signed by the prisoner in the presence of two witnesses, and countersigned by the Superintendent of the Jail.

The balance of the money at his credit will be transmitted to the District Superintendent of Police, when that officer shall apply it either to support the released prisoner or to set him up in his trade.

5. If, at the time of release, the amount of money to the prisoner's credit is too small to enable him to reach his home, and to provide himself with the implements of his trade, the Superintendent of Jail shall be at liberty to give him the implements he has been using whilst in prison.

6. At the time of release, the conditions of his ticket are to be carefully explained to him and accepted by him in writing.

No. 11788—J. 1458, dated 18th April 1899.

In exercise of the powers conferred by Section 54 of the Prisoners' Act, 1870, and Section 401 of the Code of Criminal Procedure, the Government of Mysore are pleased to prescribe, with effect from the 1st of July 1899, the following Revised Rules regarding the earning of remission and gratuities, applicable to all classes of prisoners in Mysore. But nothing herein contained shall affect the provisions of the Rules promulgated with Notification No. 1937—J. 73-92, dated the 30th July 1892, which shall apply to prisoners who, on completion of ten years' confinment in jail, may be specially admitted to the benefit of these Rules.

I. MARK RULES.

1. For the purposes of these rules, convicted prisoners shall be divided into three classes, *viz*:—

I.—Thugs, robbers by administration of poisonous drugs, and professional hereditary or specially dangerous criminals convicted of heinous organized crime, such as dacoity;

II.—Dacoits and other persons convicted of heinous organized crime who are not professional, hereditary or specially dangerous criminals;

III.—All other prisoners.

2. Every convicted prisoner whose sentence or aggregate of sentences, exclusive of any period awarded in default of payment of fine, amounts to one year or upwards, shall be eligible for marks under these rules, provided that if such prisoner is under sentence of simple imprisonment, he shall not receive marks unless he voluntarily labours throughout the term of such imprisonment.

3. For the purposes of these rules a life-sentence shall mean—

25 years' imprisonment in the case of prisoners included in classes I and II;

20 years' imprisonment in the case of all other prisoners.

4. The remission earned under these rules shall have the following effects, *viz*:—

(*a*) In the case of prisoners included in classes I and II, whether under sentence for life or term, the period of remission earned shall be deducted from the sentence, and they shall be released from jail on the conditions specified in the Ticket-of-Leave Rules contained in Part II.

(*b*) In the case of all other prisoners, remission earned shall reduce the sentence absolutely.

5. Every prisoner, who is entitled to earn remission under the foregoing rules, shall be brought under the Mark system on the first day of the calendar month next following that in the course of which he became a prisoner; provided that, if a prisoner, admitted under a sentence of less than one year, is subsequently sentenced to a further term which makes up the aggregate to one year, he shall, if otherwise eligible, and unless such subsequent sentence is inflicted on account of riot, escape, or repeated jail offences, commence to earn marks on the first day of the calendar month next following that in which the second sentence was passed.

6. Ordinary marks shall be awarded on the following scale, *viz*:—

(*a*) One mark daily for thoroughly good conduct and scrupulous attention to all jail regulations.

(*b*) One mark daily for industry and the due performance of the daily task imposed upon him.

(*c*) One mark daily for any day on which special diligence in work is shown.

7. In addition to any marks earned under the previous rule, convict warders shall receive four marks, convict overseers two marks and convict night watchmen one mark. But convict warders and overseers shall not be eligible for any additional mark under clause (*c*) of Rule 6. It will thus be possible for a night watchman showing special diligence in work, to obtain four marks a day, which is likewise the maximum number obtainable by a convict overseer.

8. On Sundays and holidays, when ordinary jail industries are stopped, marks for conduct only may be earned, but prisoners employed on jail services may be awarded also marks for labour. Convict officers shall be awarded marks as on other days.

9. A prisoner in hospital shall receive marks for conduct only, provided that he did not, by any improper action of his own, after admission to jail, induce or aggravate the disease, on account of which he was admitted into hospital.

10. A convict sent to a Court under Regulation V of 1894 shall be credited during his absence with marks in the same way as a convict in hospital, provided that his presence before the Court has not been required in consequence of any offence committed by him and for which he is to be tried.

11. Special marks may be given for special service, such as—

(1) Assisting in detecting or preventing breaches of jail discipline or regulations.

(2) Success in teaching handicrafts.

(3) Special excellence of work.

(4) Protecting jail officers from attack.

(5) Assisting jail officers in case of outbreak, fire, etc.

(6) Economy in the wearing of clothing.

12. The Superintendent of a District Jail may award to the same prisoner not more than one hundred special marks for any one service or in any one quarter. The Superintendent of a Central Jail may in like manner award not more than five hundred special marks. When any number of special marks is awarded under this rule, a report thereof shall be made to the Inspector-General, setting forth the grounds of the award. All proposals for the award of more

123

than the number of marks above indicated must be referred to the Inspector-General, who will submit for the orders of Government any case in which he proposes to award more than one thousand marks.

13. Marks and remission may be forfeited for misconduct, and prisoners may be temporarily or permanently removed from the Mark system in accordance with the law for the time being in force regulating jail offences and punishments; provided that no prisoner shall receive marks for the day on which any offence is committed and that the Superintendent may restore to the benefits of the Mark system any prisoner removed therefrom.

14. The award of ordinary marks shall be made either by the Superintendent himself or, subject to his control and supervision, by the Deputy Superintendent, Jailor, Deputy Jailor or any other officer specially empowered in that behalf by the Inspector-General. The award of special marks shall be made only by the Superintendent or Inspector-General.

15. The officer awarding marks shall, before making the award, consult the prisoner's work-sheet and history-ticket, in which every offence proved against the prisoner must be carefully recorded. In the absence of any entry against the prisoner on any day, it shall be presumed that he has earned "ordinary" marks for that day. Ordinary marks shall be recorded in the presence of the prisoner weekly, fortnightly or monthly, as circumstances admit, and special marks shall be awarded as soon as possible after they have been earned. All marks shall be noted in the Mark Register, which shall be written up from the entries in the prisoner's history-ticket.

16. Every convict, coming under the operation of the Mark system, shall be entitled to a remission of one day of his sentence for every 24 marks earned by him. Marks shall be converted into remission and the actual remission earned shall be recorded, quarterly in the Mark Register. The amount of remission earned quarterly by each convict shall be intimated to him by the Superintendent at the first weekly inspection after the close of each quarter.

17. Remission being thus earned in days, shall be recorded in days in the Mark Register and shall not be converted into months or years.

18. In converting marks into quarterly remission, any balance of mark which remains after dividing by 24 shall be carried forward to the next quarter. In converting marks into remission at the end of a prisoner's sentence, if there is a balance of 12 and upwards remaining after dividing by 24, it shall be considered equivalent to one day's remission; any smaller balance shall be disregarded.

19. In the first week of each month, a list shall be made out of those prisoners, who, on the supposition that they will earn their full ordinary marks during the intervening period, will be entitled to release in the course of the month next ensuing. This list shall be submitted to the Superintendent, signed by him, and filed in the office. If the prisoner fails to earn the number of marks assumed, in the list, or if from bad conduct he forfeits any of the marks already earned, the date of his release will be proportionately deferred; while if, on the other hand, he earns an additional number of marks, the date of his release will be proportionately advanced. As soon as he has earned such number of marks as entitles him to release, he shall, if otherwise eligible, be released by the Superintendent without further sanction or reference. The amount of remission finally earned shall be endorsed on the prisoner's warrant and the endorsement signed by the Superintendent.

20. When a prisoner is transferred from one jail to another, a record shall be sent with him showing the amount of remission and the number of marks which stand to his credit. Prisoners transferred from one jail to another shall be awarded marks for conduct during the period spent in transit, but not for industry, by the receiving jail.

II.—TICKET-OF-LEAVE RULES.

1. The Superintendent will give to every prisoner, on his release under Rule 4 of the Mark Rules in Part I, a ticket in English and Vernacular, on which shall be entered his descriptive roll, and the conditions on which his sentence is remitted.

2. The descriptive roll and ticket are to be in the form annexed. The ticket is to be signed by the prisoner in the presence of two witnesses, and countersigned by the Superintendent of the Jail.

3. A prisoner released on ticket-of-leave will be aided by the Police in finding employment, so long as he shall conduct himself properly.

4. On his release, the Superintendent of the Jail will give him sufficient money from that at his credit in the prisoners' property register, to carry him to his home, or place of residence. The balance of the money at his credit will be transmitted to the District Superintendent of Police, when that officer shall apply it either to support the released prisoner or to set him up in his trade.

5. If, at the time of release, the amount of money to the prisoner's credit is too small to enable him to reach his home, and to provide himself with the implements of his trade, the Superintendent of Jail shall be at liberty to give him the implements he has been using whilst in prison.

6. At the time of release, the conditions of his ticket are to be carefully explained to him and accepted by him in writing.

7. He is, in the first instance to report himself to the District Superintendent of Police of his District or, in his absence, to the nearest Magistrate.

8. If the prisoner fails to fulfil any of the conditions set forth in the ticket-of-leave, the Government may cancel the remission of his punishment, whereupon he may be arrested by any Police officer without warrant and remanded to undergo his original sentence.

9. In every instance in which a prisoner is released on ticket-of-leave, a copy of these rules, as well as a copy of the prisoner's ticket, shall be forwarded by the Superintendent of the Jail from which the prisoner is released to the District Magistrate and to the District Superintendent of Police of the District in which the prisoner is to reside.

18. In District Jails where no convict is available for promotion under the Mark system, a certain number of well-conducted prisoners who have served two-thirds of their sentence may be employed for the convenience of prison discipline as acting maistries, but these officers will not be eligible for remission under the Remission Rules.

No. 11788—J. 1458, dated 18th April 1899.

In exercise of the powers conferred by Section 54 of the Prisoners' Act, 1870, and Section 401 of the Code of Criminal Procedure, the Government of Mysore are pleased to prescribe, with effect from the 1st of July 1899, the following Revised Rules regarding the earning of remission and gratuities, applicable to all classes of prisoners in Mysore. But nothing herein contained shall affect the provisions of the Rules promulgated with Notification No. 1937—J. 73-92, dated the 30th July 1892, which shall apply to prisoners who, on completion of ten years' confinment in jail, may be specially admitted to the benefit of these Rules.

I. MARK RULES.

1. For the purposes of these rules, convicted prisoners shall be divided into three classes, *viz*:—

I.—Thugs, robbers by administration of poisonous drugs and professional hereditary or specially dangerous criminals convicted of heinous organized crime, such as dacoity;

II.—Dacoits and other persons convicted of heinous organized crime who are not professional, hereditary or specially dangerous criminals;

III.—All other prisoners.

2. Every convicted prisoner whose sentence or aggregate of sentences, exclusive of any period awarded in default of payment of fine, amounts to one year or upwards, shall be eligible for marks under these rules, provided that if such prisoner is under sentence of simple imprisonment, he shall not receive marks unless he voluntarily labours throughout the term of such imprisonment.

3. For the purposes of these rules a life-sentence shall mean—

25 years' imprisonment in the case of prisoners included in classes I and II;

20 years' imprisonment in the case of all other prisoners.

4. The remission earned under these rules shall have the following effects, *viz*:—

(*a*) In the case of prisoners included in classes I and II, whether under sentence for life or term, the period of remission earned shall be deducted from the sentence, and they shall be released from jail on the conditions specified in the Ticket-of-Leave Rules contained in Part II.

(*b*) In the case of all other prisoners, remission earned shall reduce the sentence absolutely.

5. Every prisoner, who is entitled to earn remission under the foregoing rules, shall be brought under the Mark system on the first day of the calendar month next following that in the course of which he became a prisoner; provided that, if a prisoner, admitted under a sentence of less than one year, is subsequently sentenced to a further term which makes up the aggregate to one year, he shall, if otherwise eligible, and unless such subsequent sentence is inflicted on account of riot, escape, or repeated jail offences, commence to earn marks on the first day of the calendar month next following that in which the second sentence was passed.

6. Ordinary marks shall be awarded on the following scale, *viz*:—

(*a*) One mark daily for thoroughly good conduct and scrupulous attention to all jail regulations.

(*b*) One mark daily for industry and the due performance of the daily task imposed upon him.

(*c*) One mark daily for any day on which special diligence in work is shown.

7. In addition to any marks earned under the previous rule, convict warders shall receive four marks, convict overseers two marks and convict night watchmen one mark. But convict warders and overseers shall not be eligible for any additional mark under clause (*c*) of Rule 6. It will thus be possible for a night watchman showing special diligence in work, to obtain four marks a day, which is likewise the maximum number obtainable by a convict overseer.

8. On Sundays and holidays, when ordinary jail industries are stopped, marks for conduct only may be earned, but prisoners employed on jail services may be awarded also marks for labour. Convict officers shall be awarded marks as on other days.

9. A prisoner in hospital shall receive marks for conduct only, provided that he did not, by any improper action of his own, after admission to jail, induce or aggravate the disease, on account of which he was admitted into hospital.

10. A convict sent to a Court under Regulation V of 1894 shall be credited during his absence with marks in the same way as a convict in hospital, provided that his presence before the Court has not been required in consequence of any offence committed by him and for which he is to be tried.

11. Special marks may be given for special service, such as—
(1) Assisting in detecting or preventing breaches of jail discipline or regulations.
(2) Success in teaching handicrafts.
(3) Special excellence of work.
(4) Protecting jail officers from attack.
(5) Assisting jail officers in case of outbreak, fire, etc.
(6) Economy in the wearing of clothing.

12. The Superintendent of a District Jail may award to the same prisoner not more than one hundred special marks for any one service or in any one quarter. The Superintendent of a Central Jail may in like manner award not more than five hundred special marks. When any number of special marks is awarded under this rule, a report thereof shall be made to the Inspector-General, setting forth the grounds of the award. All proposals for the award of more than the number of marks above indicated must be referred to the Inspector-General, who will submit for the orders of Government any case in which he proposes to award more than one thousand marks.

13. Marks and remission may be forfeited for misconduct, and prisoners may be temporarily or permanently removed from the Mark system in accordance with the law for the time being in force regulating jail offences and punishments; provided that no prisoner shall receive marks for the day on which any offence is committed and that the Superintendent may restore to the benefits of the Mark system any prisoner removed therefrom.

14. The award of ordinary marks shall be made either by the Superintendent himself or, subject to his control and supervision, by the Deputy Superintendent, Jailor, Deputy Jailor or any other officer specially empowered in that behalf by the Inspector-General. The award of special marks shall be made only by the Superintendent or Inspector-General.

15. The officer awarding marks shall, before making the award, consult the prisoner's work-sheet and history-ticket, in which every offence proved against the prisoner must be carefully recorded. In the absence of any entry against the prisoner on any day, it shall be presumed that he has earned "ordinary" marks for that day. Ordinary marks shall be recorded in the presence of the prisoner weekly, fortnightly or monthly, as circumstances admit, and special marks shall be awarded as soon as possible after they have been earned. All marks shall be noted in the Mark Register, which shall be written up from the entries in the prisoner's history-ticket.

16. Every convict, coming under the operation of the Mark system, shall be entitled to a [illegible] of one day of his sentence for every 24 marks earned by him. Marks shall be converted [illegible]ion and the actual remission earned shall be recorded, quarterly in the Mark Register. [illegible]ount of remission earned quarterly by each convict shall be intimated to him by the [illegible]tendent at the first weekly inspection after the close of each quarter.

17. Remission being thus earned in days, shall be recorded in days in the Mark Register and shall not be converted into months or years.

18. In converting marks into quarterly remission, any balance of mark which remains after dividing by 24 shall be carried forward to the next quarter. In converting marks into remission at the end of a prisoner's sentence, if there is a balance of 12 and upwards remaining after dividing by 24, it shall be considered equivalent to one day's remission; any smaller balance shall be disregarded.

19. In the first week of each month, a list shall be made out of those prisoners, who, on the supposition that they will earn their full ordinary marks during the intervening period, will be entitled to release in the course of the month next ensuing. This list shall be submitted to the Superintendent, signed by him, and filed in the office. If the prisoner fails to earn the number of marks assumed in the list, or if from bad conduct he forfeits any of the marks already earned, the date of his release will be proportionately deferred; while if, on the other hand, he earns an additional number of marks, the date of his release will be proportionately advanced. As soon as he has earned such number of marks as entitles him to release, he shall, if otherwise eligible, be released by the Superintendent without further sanction or reference. The amount of remission finally earned shall be endorsed on the prisoner's warrant and the endorsement signed by the Superintendent.

20. When a prisoner is transfered from one jail to another, a record shall be sent with him showing the amount of remission and the number of marks which stand to his credit. Prisoners transferred from one jail to another shall be awarded marks for conduct during the period spent in transit, but not for industry, by the receiving jail.

II.—TICKET-OF-LEAVE RULES.

1. The Superintendent will give to every prisoner, on his release under Rule 4 of the Mark Rules in Part I, a ticket in English and Vernacular, on which shall be entered his descriptive roll, and the conditions on which his sentence is remitted.

2. The descriptive roll and ticket are to be in the form annexed. The ticket is to be signed by the prisoner in the presence of two witnesses, and countersigned by the Superintendent of the Jail.

3. A prisoner released on ticket-of-leave will be aided by the Police in finding employment, so long as he shall conduct himself properly.

4. On his release, the Superintendent of the Jail will give him sufficient money from that at his credit in the prisoners' property register, to carry him to his home, or place of residence. The balance of the money at his credit will be transmitted to the District Superintendent of Police, when that officer shall apply it either to support the released prisoner or to set him up in his trade.

5. If, at the time of release, the amount of money to the prisoner's credit is too small to enable him to reach his home, and to provide himself with the implements of his trade, the Superintendent of Jail shall be at liberty to give him the implements he has been using whilst in prison.

6. At the time of release, the conditions of his ticket are to be carefully explained to him and accepted by him in writing.

7. He is, in the first instance to report himself to the District Superintendent of Police of his District or, in his absence, to the nearest Magistrate.

8. If the prisoner fails to fulfil any of the conditions set forth in the ticket-of-leave, the Government may cancel the remission of his punishment, whereupon he may be arrested by any Police officer without warrant and remanded to undergo his original sentence.

9. In every instance in which a prisoner is released on ticket-of-leave, a copy of these rules, as well as a copy of the prisoner's ticket, shall be forwarded by the Superintendent of the Jail from which the prisoner is released to the District Magistrate and to the District Superintendent of Police of the District in which the prisoner is to reside.

18. In District Jails where no convict is available for promotion under the Mark system, a certain number of well-conducted prisoners who have served two-thirds of their sentence may be employed for the convenience of prison discipline as acting maistries, but these officers will not be eligible for remission under the Remission Rules.

To ensure uniformity of practice in all Jails and Lock-ups in the Province in the matter of calculating the date of release of prisoners, the Government are pleased to direct as follows :—

1. In calculating the date of expiry of a sentence of imprisonment in a criminal case, the day upon which the sentence was passed and the day of release should both be included and considered as days of imprisonment. Similarly, if a convict is released on bail, pending appeal, or if he escapes, the day on which he was released, or escaped and the day on which he was re-admitted, or re-captured, shall both be counted as days of imprisonment.

Illustration 1.—A prisoner sentenced on the 1st January to one month's imprisonment should be released on the 31st January and not on the 1st February.

Illustration 2.—A prisoner sentenced on the 1st January to one month's imprisonment escapes on the 15th January and is recaptured on the 16th. He will be entitled on the original warrant to release on the 31st January.

2. When a prisoner is sentenced to two or more sentences, the date of release shall be calculated as though the sum of the terms was awarded in one sentence.

Illustration.—A prisoner sentenced on the 21st of November 1890 to two substantive terms of imprisonment of one year each, should be released on the 20th and not the 19th November 1892.

3. When a prisoner's sentence consists of so many months with or without the fraction of a month, the date of release shall be calculated by adding the number of calendar months to the date of the sentence, the fraction (if any) being reduced to days.

Illustration 1.—A prisoner is sentenced to one and a half months' imprisonment on the 2nd February. The date of his release will be the 16th March.

Illustration 2.—A prisoner is sentenced to 6 months' imprisonment on the 31st May, the date of his release will be the 30th November.

4. The following method shall be adopted in calculating the date of release of a prisoner who after conviction is released on bail pending the hearing of his appeal and is afterwards remanded to jail to serve out his sentence, or who escapes and is at large for a certain period. Add to the term of his sentence the number of days the prisoner is on bail or at large, exclusive of the day of release and recommittal to custody, or of escape and re-capture ; the date on which the sum of these periods will elapse, counting from the date of conviction, is the date of expiration of sentence.

5. If the prisoner be sentenced to imprisonment of which the whole or any portion is in default of the payment of any fine, and if the fine or a portion of it be not immediately paid, the dates of release shall be calculated and entered in the Release Register, so as to correspond both with payment and with non-payment of the fine. If any portion of the fine is subsequently paid, the date of release shall be altered accordingly.

Illustration.—If a prisoner be sentenced on the 1st January to 6 months' imprisonment and to a fine of Rs. 400, and it be ordered that if the fine be not paid he be imprisoned for a further period of six months, then supposing that the prisoner, immediately on conviction, pays Rs. 100, the date of release shall be first fixed at 31st October (*viz.* 6 months+4 months, the equivalent of the fine unpaid); if he afterwards pays another Rs. 100, the date will be changed to 31st August and on his paying the whole, to 30th June.

6. If a prisoner who is sentenced to a fine, and in default to imprisonment for a certain number of *months*, pays any part of his fine, the reduction of imprisonment to be made in consequence of such payment shall be calculated in *calendar months*, and not in days. Any fraction of a month obtained by such calculation shall be reduced to days. When the fraction thus obtained is not exactly equal to any number of days, or is less than a single day, the portion of a day which results shall be considered and treated as being equal to a full day.

Illustration.—A prisoner is sentenced on 1st January to a fine of Rs. 300 or in default to 6 months' imprisonment. No part of the fine is realized except a sum of twelve annas. He should be released on the 29th June, though the amount realized is less than the full amount due for a single day.

7. If a prisoner escapes and on re-capture receives any fresh sentence for the escape, the date of release shall be re-calculated in accordance with the provisions of Section 396 of the Code of Criminal Procedure, and the date of release thus arrived at, shall be entered in the Release Register in place of the original date of release.

8. When the Appellate Court simply modifies a sentence passed by a lower Court without change of sections, or when the Appellate Court passes a new sentence by changing the conviction section or the punishment section or otherwise, the sentence finally passed shall count, unless otherwise specially directed, from the first day of imprisonment under the original sentence.

9. If a prisoner sentenced to imprisonment in default of payment of fine only, receives another sentence on some other account while undergoing such imprisonment, the second sentence shall begin from the date on which the first sentence expires, or if the fine is paid, from the date of payment. It should be remembered that imprisonment in default of payment of fine is a punishment for non-payment.

Illustration.—A prisoner is sentenced on the 31st January to a fine of Rs. 30, or in default to two months' rigorous imprisonment and on the 12th of February of the same year he is sentenced on another account to an additional imprisonment for four months. The fine is paid in full on the 28th February. The sentence of four months should begin from the 28th February, and not from the 31st January.

Note.—But see Section 398 (2) of the Criminal Procedure Code as amended by Regulation I of 1888 in regard to sentences of imprisonment in default of payment of fine, which are annexed to several substantive sentences of imprisonment or transportation.

I. The shanbhog and patel shall examine all the boundary marks in their respective villages at the time of the field inspection and the shanbhog shall record in the Pahani Register, Village Form No. 7, the condition in which the boundary marks are found.

II. After the preparation of the Pahani Register as per Rule I, it shall be incumbent upon the shanbhog and patel to give due notice to the khatedars of lands whose boundary marks are out of repair to get the said marks repaired within a reasonable time, after the lapse of which there shall be a second inspection of those marks; and should any repairs remain unexecuted the omission should forthwith be reported to the Amildar or Deputy Amildar with a view to the responsibility of the defaulting landholders being duly enforced according to rules.

III. A further test inspection of boundary marks shall be made annually in each village by the shekdar, and one or two taluk officials deputed for the purpose. In the malnad districts, the Measurer also may be deputed for test inspection. The inspection shall be made in the presence of the village officers and of such of the landholders as may attend. The results of these inspections shall be recorded in column 17 of the Village Form No. 7, "Remarks and signature of testing officer."

IV. For the purpose of the test inspection, mentioned above, the number of villages in a shekdar's charge shall be distributed among the shekdar, the taluk officials and the Measurer, as the case may be, who shall each attend to a fair number of fields in each year. The number of fields in each village shall be divided into four sections, one of which shall be completely inspected once in four years by the official deputed for the purpose.

No. 12996—*J.* 1602, *dated* 15*th May* 1899.

To ensure uniformity of practice in all Jails and Lock-ups in the Province in the matter of calculating the date of release of prisoners, the Government are pleased to direct as follows :—

1. In calculating the date of expiry of a sentence of imprisonment in a criminal case, the day upon which the sentence was passed and the day of release should both be included and considered as days of imprisonment. Similarly, if a convict is released on bail, pending appeal, or if he escapes, the day on which he was released, or escaped and the day on which he was re-admitted, or re-captured, shall both be counted as days of imprisonment.

Illustration 1.—A prisoner sentenced on the 1st January to one month's imprisonment should be released on the 31st January and not on the 1st February.

Illustration 2.—A prisoner sentenced on the 1st January to one month's imprisonment escapes on the 15th January and is recaptured on the 16th. He will be entitled on the original warrant to release on the 31st January.

2. When a prisoner is sentenced to two or more sentences, the date of release shall be calculated as though the sum of the terms was awarded in one sentence.

Illustration.—A prisoner sentenced on the 21st of November 1890 to two substantive terms of imprisonment of one year each, should be released on the 20th and not the 19th November 1892.

3. When a prisoner's sentence consists of so many months with or without the fraction of a month, the date of release shall be calculated by adding the number of calendar months to the date of the sentence, the fraction (if any) being reduced to days.

Illustration 1.—A prisoner is sentenced to one and a half months' imprisonment on the 2nd February. The date of his release will be the 16th March.

Illustration 2.—A prisoner is sentenced to 6 months' imprisonment on the 31st May, the date of his release will be the 30th November.

4. The following method shall be adopted in calculating the date of release of a prisoner who after conviction is released on bail pending the hearing of his appeal and is afterwards remanded to jail to serve out his sentence, or who escapes and is at large for a certain period. Add to the term of his sentence the number of days the prisoner is on bail or at large, exclusive of the day of release and recommittal to custody, or of escape and re-capture ; the date on which the sum of these periods will elapse, counting from the date of conviction, is the date of expiration of sentence.

5. If the prisoner be sentenced to imprisonment of which the whole or any portion is in default of the payment of any fine, and if the fine or a portion of it be not immediately paid, the dates of release shall be calculated and entered in the Release Register, so as to correspond both with payment and with non-payment of the fine. If any portion of the fine is subsequently paid, the date of release shall be altered accordingly.

Illustration.—If a prisoner be sentenced on the 1st January to 6 months' imprisonment and to a fine of Rs. 300, and it be ordered that if the fine be not paid he be imprisoned for a further period of six months, then supposing that the prisoner, immediately on conviction, pays Rs. 100, the date of release shall be first fixed at 31st October (*viz.* 6 months + 4 months, the equivalent of the fine unpaid) ; if he afterwards pays another Rs. 100, the date will be changed to 31st August and on his paying the whole, to 30th June.

6. If a prisoner who is sentenced to a fine, and in default to imprisonment for a certain number of *months*, pays any part of his fine, the reduction of imprisonment to be made in consequence of such payment shall be calculated in *calendar months*, and not in days. Any fraction of a month obtained by such calculation shall be reduced to days. When the fraction thus obtained is not exactly equal to any number of days, or is less than a single day, the portion of a day which results shall be considered and treated as being equal to a full day.

Illustration.—A prisoner is sentenced on 1st January to a fine of Rs. 300 or in default to 6 months' imprisonment. No part of the fine is realized except a sum of twelve annas. He should be released on the 29th June, though the amount realized is less than the full amount due for a single day.

7. If a prisoner escapes and on re-capture receives any fresh sentence for the escape, the date of release shall be re-calculated in accordance with the provisions of Section 396 of the Code of Criminal Procedure, and the date of release thus arrived at, shall be entered in the Release Register in place of the original date of release.

8. When the Appellate Court simply modifies a sentence passed by a lower Court without change of sections, or when the Appellate Court passes a new sentence by changing the conviction section or the punishment section or otherwise, the sentence finally passed shall count, unless otherwise specially directed, from the first day of imprisonment under the original sentence.

9. If a prisoner sentenced to imprisonment in default of payment of fine only, receives another sentence on some other account while undergoing such imprisonment, the second sentence shall begin from the date on which the first sentence expires, or if the fine is paid, from the date of payment. It should be remembered that imprisonment in default of payment of fine is a punishment for non-payment.

Illustration.—A prisoner is sentenced on the 31st January to a fine of Rs. 30, or in default to two months' rigorous *imprisonment* and on the 12th of February of the same year he is sentenced on another account to an additional imprisonment for four months. The fine is paid in full on the 28th February. The sentence of four months should begin from the 28th February, and not from the 31st January.

Note.—But see Section 398 (2) of the Criminal Procedure Code as amended by Regulation I of 1888 in regard to sentences of imprisonment in default of payment of fine, which are annexed to several substantive sentences of imprisonment or transportation.

No. 12996—*J.* 1602, *dated* 15*th May* 1899.

To ensure uniformity of practice in all Jails and Lock-ups in the Province in the matter of calculating the date of release of prisoners, the Government are pleased to direct as follows :—

1. In calculating the date of expiry of a sentence of imprisonment in a criminal case, the day upon which the sentence was passed and the day of release should both be included and considered as days of imprisonment. Similarly, if a convict is released on bail, pending appeal, or if he escapes, the day on which he was released, or escaped and the day on which he was re-admitted, or re-captured, shall both be counted as days of imprisonment.

Illustration 1. A prisoner sentenced on the 1st January to one month's imprisonment should be released on the 31st January and not on the 1st February.

Illustration 2.—A prisoner sentenced on the 1st January to one month's imprisonment escapes on the 15th January and is recaptured on the 16th. He will be entitled on the original warrant to release on the 31st January.

2. When a prisoner is sentenced to two or more sentences, the date of release shall be calculated as though the sum of the terms was awarded in one sentence.

Illustration.—A prisoner sentenced on the 21st of November 1890 to two substantive terms of imprisonment of one year each, should be released on the 20th and not the 19th November 1892.

3. When a prisoner's sentence consists of so many months with or without the fraction of a month, the date of release shall be calculated by adding the number of calendar months to the date of the sentence, the fraction (if any) being reduced to days.

Illustration 1.—A prisoner is sentenced to one and a half months' imprisonment on the 2nd February. The date of his release will be the 16th March.

Illustration 2.—A prisoner is sentenced to 6 months' imprisonment on the 31st May, the date of his release will be the 30th November.

4. The following method shall be adopted in calculating the date of release of a prisoner who after conviction is released on bail pending the hearing of his appeal and is afterwards remanded to jail to serve out his sentence, or who escapes and is at large for a certain period. Add to the term of his sentence the number of days the prisoner is on bail or at large, exclusive of the day of release and recommittal to custody, or of escape and re-capture ; the date on which the sum of these periods will elapse, counting from the date of conviction, is the date of expiration of sentence.

5. If the prisoner be sentenced to imprisonment of which the whole or any portion is in default of the payment of any fine, and if the fine or a portion of it be not immediately paid, the dates of release shall be calculated and entered in the Release Register, so as to correspond both with payment and with non-payment of the fine. If any portion of the fine is subsequently paid, the date of release shall be altered accordingly.

Illustration.—If a prisoner be sentenced on the 1st January to 6 months' imprisonment and to a fine of Rs. 300, and it be ordered that if the fine be not paid he be imprisoned for a further period of six months, then supposing that the prisoner, immediately on conviction, pays Rs. 100, the date of release shall be first fixed at 31st October (*viz.* 6 months+4 months, the equivalent of the fine unpaid) ; if he afterwards pays another Rs. 100, the date will be changed to 31st August and on his paying the whole, to 30th June.

6. If a prisoner who is sentenced to a fine, and in default to imprisonment for a certain number of *months*, pays any part of his fine, the reduction of imprisonment to be made in consequence of such payment shall be calculated in *calendar months*, and not in days. Any fraction of a month obtained by such calculation shall be reduced to days. When the fraction thus obtained is not exactly equal to any number of days, or is less than a single day, the portion of a day which results shall be considered and treated as being equal to a full day.

Illustration.—A prisoner is sentenced on 1st January to a fine of Rs. 300 or in default to 6 months' imprisonment. No part of the fine is realized except a sum of twelve annas. He should be released on the 29th June, though the amount realized is less than the full amount due for a single day.

7. If a prisoner escapes and on re-capture receives any fresh sentence for the escape, the date of release shall be re-calculated in accordance with the provisions of Section 396 of the Code of Criminal Procedure, and the date of release thus arrived at, shall be entered in the Release Register in place of the original date of release.

8. When the Appellate Court simply modifies a sentence passed by a lower Court without change of sections, or when the Appellate Court passes a new sentence by changing the conviction section or the punishment section or otherwise, the sentence finally passed shall count, unless otherwise specially directed, from the first day of imprisonment under the original sentence.

9. If a prisoner sentenced to imprisonment in default of payment of fine only, receives another sentence on some other account while undergoing such imprisonment, the second sentence shall begin from the date on which the first sentence expires, or if the fine is paid, from the date of payment. It should be remembered that imprisonment in default of payment of fine is a punishment for non-payment.

Illustration.—A prisoner is sentenced on the 31st January to a fine of Rs. 30, or in default to two months' rigorous *imprisonment* and on the 12th of February of the same year he is sentenced on another account to an additional imprisonment for four months. The fine is paid in full on the 28th February. The sentence of four months should begin from the 28th February, and not from the 31st January.

Note.—But see Section 398 (2) of the Criminal Procedure Code as amended by Regulation I of 1888 in regard to sentences of imprisonment in default of payment of fine, which are annexed to several substantive sentences of imprisonment or transportation.
